SUMMARY

Motivated Full-Stack Developer and Computer Science & Engineering student with hands-on experience building responsive, dynamic, and user-friendly web applications using React.js, Next.js, JavaScript, TypeScript, and Tailwind CSS. Skilled in developing modern frontend interfaces and backend services using Node.js, Express.js, MongoDB, and REST APIs. Experienced in building full-stack projects, including web applications, dashboards, and e-commerce platforms, with a focus on clean code, scalable architecture, responsive design, and user experience. Familiar with Git, GitHub, and modern development workflows. Passionate about solving real-world problems, learning emerging technologies, and growing as a professional Software Engineer.

EXPERIENCE

Full-Stack Developer | Personal & Academic Projects — 2025–Present

- Developed responsive and user-friendly web applications using React.js, Next.js, JavaScript, TypeScript, and Tailwind CSS.
- Built backend services and RESTful APIs using Node.js and Express.js.
- Integrated MongoDB databases to manage and store application data.
- Implemented CRUD operations, dynamic routing, data fetching, and API integration.
- Used Git and GitHub for version control and project management.
- Focused on writing clean, maintainable code and creating responsive user interfaces.
- Built practical projects, including dashboards, user management systems, and e-commerce applications.

EDUCATION

Sonargaon University — 2024–2028

Bachelor of Science in Computer Science and Engineering (BSc in CSE)

- Currently pursuing an undergraduate degree in Computer Science and Engineering.

TECHNICAL SKILLS

Front-end: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS

Back-end: Node.js, Express.js, REST API

Database: MongoDB

Tools & Technologies: Git, GitHub, VS Code, Postman, npm
